

Prospect Hill Cemetery of Towson, Inc.

Lot Sales & Fees

Traditional Ground Burial Lots - \$2,000 each

Single lots, as well as groups, are available for purchase from Prospect Hill Cemetery. If advance notice is given, up to three sets of cremation remains may be buried in one traditional ground burial lot.

Cremation Lots - \$1,000 each

Cremation lots are also available for purchase from Prospect Hill. These lots are located in the memorial section in the lower cemetery and accommodate a single urn.

For All Lot Purchases

At the time of burial, an administrative fee of \$300 is charged by Prospect Hill Cemetery for each individual interred. If multiple cremation remains are interred in a traditional ground burial lot at different times, the fee is charged each time a grave is opened.

Corner Markers - \$175 set of four

Corner Markers (payable to Tyrie Monument Company) must be purchased for all traditional ground burial lots to help identify each lot, or a group of lots owned by an individual or family. Corner markers are white marble cubes, inscribed with the owner's initial. The cemetery marks the four corners of each newly purchased lot and oversees their installation by Tyrie Monument Company.

Monuments and Markers

Any monument or flat ground marker is the choice of the family and is purchased directly from a monument company, *only after the design is approved by a cemetery officer*. Only flat markers may be used in the cremation sections and in some other parts of the cemetery. The family retains ownership of the monument and is responsible for repairs to the monument, should that be required.

The administrative fee (\$300) and separate grave preparation fee are generally processed through the funeral director, if one is used. Additional fees are charged by the Tracey Co. for grave preparation and closing and for funeral service arrangements.

For additional information and to schedule an appointment to view available lots, please [contact](#) the cemetery office.
